**Excellent cooperation with Luis Fronseca, Grupo Nacion**

Dear Mr Fronseca

I would like to take this opportunity to express my deepest gratitude for your excellent cooperation during the Retrofit project of drive systems of your Newspaper Presses.

The project lasted about three years. During this time, you were a reliable partner to us and so we were able to concentrate on our core tasks.

As Project Manager from Grupo Nacion, you submitted the production schedule to us, organized the material supply and you were also responsible for operative planning and controlling for Grupo Nacion. For technical questions you were always a reliable and capable contact partner for us.

We would like to thank you again for the good teamwork. Only your comprehensive support made the successful implementation of this project possible.

I wish you all the very best for your future career.

Yours sincerely

**Armin Rüb**
