Many thanks for the excellent cooperation

Dear Mr. Fonseca,

Due to your professional change, we would like to thank you once again for the excellent cooperation over the past 14 years.

When we installed the Koenig & Bauer Comet newspaper offset press at Grupo Nación (San José, Costa Rica) in 2004, we got to know you as our customer's highly reliable and experienced electrician.

You supported our team on site with outstanding commitment during the installation of the printing press. With your commitment, you have made a significant contribution to the smooth running of this project.

We were delighted to learn that you were appointed Maintenance Manager at Grupo Nación, changing the maintenance of the Koenig & Bauer press in your area of responsibility.

As the link between Koenig & Bauer and Grupo Nacion, you have shaped the outstanding cooperation between the two companies to this day.

It has always been a pleasure for us to work with you as the responsible contact person and you have always been a great help in all matters.

With your expertise you supported us in numerous projects and repairs on site.

KOENIG & BAUER

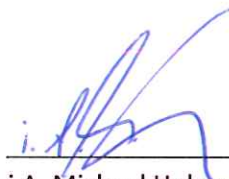

It was a great help for us to draw on your expertise in digital drive technology
And PLC control in structured text when we were on site for various projects.
We could count on your support in all questions.

We very much regret your professional change and thank you for your active
and productive work in the varied tasks, the always excellent performance and
very pleasant cooperation. We wish you all the best and continued success for
your professional and private future.

Very best regards,

i.V. Martin Schoeps
Senior Team Manager
Service Management
