Great cooperation project drive and control update

Dear Mr. Fonseca

I want say thank you for the very good cooperation for the project of Retrofit for drive system at your Newspaper Press. As Project Manager from Grupo Nacion you organize with us production schedule, was responsible for operative planning and controlling from site Grupo Nacion. Your support us with technical matters around the project, with the organization of the parts delivery. For technical questions, you were always a reliable and capable partner last three years during Retrofit project.

Yours sincerely
